Provider Manual Contents

The Louisiana Center for Evidence to Practice is a collaboration between the Louisiana State University School of Public Health and the Louisiana Department of Health, Office of Behavioral Health. Our mission is to support the state and its agencies, organizations, communities, and providers in the selection and implementation of evidence-based interventions to promote youth and family well-being, improve behavioral health outcomes, and to address challenges related to sustaining quality practice.

We have developed this provider manual to help communities throughout Louisiana understand the services available in their region of the state. The manual has been designed to include providers working in specific regions of the state, as defined by the Louisiana Department of Health. This manual is specific for Region 2.

The agencies and providers listed in this manual have been verified in their offerings of Evidence Based Practices (EBPs). These EBPs are all high quality, rigorously proven therapies designed to improve the health conditions of youth and families. These EBPs have been empirically tested and validated among diverse populations.

The EBPs referenced in this manual fall into one of three main categories: treatment of trauma; improving child behavior; and strengthening family relationships. A comprehensive comparative table is on the following page

EBP Comparison Table

EBP	Treatment of Trauma	Improving Child Behavior	Strengthening Family Relationships
Child Parent Psychotherapy (CPP)	✓		✓
Eye Movement Desensitization and Reprocessing (EMDR)	✓		
*Functional Family Therapy (FFT)		✓	✓
*Functional Family Therapy-Child Welfare (FFT-CW)		✓	✓
*Home Builders (HB)		✓	✓
*Parents as Teachers (PAT)			✓
