

Introduction to Trauma

Informational Webinar Q&A

Wednesday, May 7, 2025, from 12pm-1pm

Q: How do I register for this opportunity?

A: Interested clinicians can apply to this training opportunity by [CLICKING HERE](#). We are specifically targeting individuals who meet our registration criteria accessible through our [Informational Webinar slides](#). We are accepting up to 25 clinicians, our application numbers may increase depending on the number of registrations we receive.

Q: Will we have access to this slideshow and this recording/the other recordings to look back on later?

A: Yes, we will post this recording and a copy of all Q&A after this training on the [Introduction to Trauma webpage](#).

Q: Can the parent be your main client rather than the child?

A: Yes, that is possible with this training opportunity.

Q: So just to clarify, it is okay if we are only working with adults and not necessarily children/their caregivers.

A: Ideally, we want clinicians who work with children and their caregivers. It depends on the demand for the training and how registration numbers look when we are accepting applicants.

Q: Can students join?

A: For this opportunity, and most other training offered through the Center, we typically do not accept students because we want to increase the capacity of clinicians who will be servicing their communities longer term.

Q: Can a RN and business owner attend the training and become certified

A: This is not a certification course, this is just a learning opportunity for behavioral health providers. You are welcome to attend to learn more about the modality or check out our website to learn about other certification courses we offer. Also, we typically do not offer trainings to RNs, our trainings are targeted towards behavioral health providers. Some exceptions are made specifically for psychiatrically trained nurses.

Q: So the videos that we have to watch are on the EBP site? How do we know which videos we are looking for?

A: That information will be provided to those who are accepted into this training on what videos they will need to watch.
