

# Center for Evidence to Practice

BRIEF OVERVIEW FOR MCOS

## About the Center for Evidence to Practice

### Center for Evidence to Practice

- Partnership: LSU Health and Louisiana Department of Health, Office of Behavioral Health

### Mission:

- At the Center for Evidence to Practice we envision a Louisiana where all individuals have access to a high quality, responsive and effective behavioral health system delivered by a well-trained workforce.

### Offers:

- Training and implementation support for evidence based practices (EBPs)
- Trainings on research informed practices
- Resources to support referrals to EBPs in Louisiana

## EBPs for Children & Families in Louisiana

EBP training,  
 consultation  
 and  
 implementation  
 support

Training in EBPs includes

**Application and selection** process to ensure the provider and agency are a good fit with the EBP model and with the training expectations

Participation in multiple **training** sessions followed by expert **clinical consultation** over several months

Meeting requirements for **EBP certification**

Ongoing support through **learning communities** and advanced training

Training in EBPs, including continuing education credits, offered at no cost to Louisiana Medicaid providers

## Other training opportunities through the Center for Evidence to Practice

### Research Informed Practices

- Less intensive training may serve as foundational or extension training for evidence-based models.
- Examples of recent offerings
