WELCOME

Overview

- Feedback from LS1
- PCIT Cohort 4 Training Dates
- PCIT Certification Process
- Common Challenges of PCIT Implementation
- PCIT Agency Support
- Survey for Feedback

What is one take-away from 5-Day PCIT Training?

“What I enjoyed most about the PCIT training was having the opportunity to observe a live PCIT session and actively practice the coding process in real time. Seeing the model in action brought the concepts to life and deepened my understanding of how the techniques are applied with families.”

-PCIT Trainee Evaluation Feedback

“This training was INCREDIBLE! One takeaway from this training is that the parent is the agent of change and we (the counselor) are the parents' support. Always be positive. Reinforce the behavior that you want to see.”

-PCIT Trainee Evaluation Feedback

“I want to extend my heartfelt gratitude to all the trainers for their exceptional work throughout the training. Their expertise, patience, and dedication made a meaningful impact. I am especially appreciative of the support and care shown in accommodating my needs, it did not go unnoticed and truly enhanced my learning experience. Thank you for creating such a supportive and inclusive environment.”

Barriers to Training Completion

- Case identification and selection
- Therapist reluctance to proceed
- Clients don't attend consistently
- Therapists don't attend consultation calls consistently

Common Challenges of PCIT Implementation

Clinicians:

- Cherry Picking: Waiting for the perfect case
- Only taking 1-2 cases
- Not preparing for sessions
- Attending by not participating in consultation calls
- Not seeking consultation when having difficulty with a case
- Not tracking case progress

What it Looks Like:

- “I don’t have any cases appropriate for PCIT.”
- “I explained the model, but the child and/or family was not interested.”
- “I didn’t have time to prepare for the session because.....”
- “I tried to do PCIT but the case has too many challenges”
- Catching up on notes, driving, or being distracted while in consultation meeting.”
- “I’m not sure where I am in the model”

Common Challenges of PCIT Implementation

Senior Leaders:

- Not leading regular team meetings
- Losing focus and not staying up-to-date on team participation
- Not using metrics to identify barriers to implementation
- Failing to recognize and celebrate successes

What it Looks Like:

- “We couldn’t find a time when everyone could meet.”
- “This pressing matter came up, so.....”
- Not reporting metrics back to the team
